The Case Against Grades (##)
I spoke recently to several middle and high school teachers who have de-graded their classes. Jeff Robbins, who has ... that “life was easier with grades” because they take so much less time than meaningful assessment. That efficiency ... of control: School structure and school knowledge.}

**Teaching without grades**

In any case, college admission is surely no bar to eliminating grades in elementary and middle schools because colleges ... that are important in the classroom—especially if students are not given a grade for an activity. I am not alone in suggesting that grades are unnecessary for students younger than high school. That leaves proponents of grades for younger children to fall back on some version of an argument I call...
